Investigation of Area Code Relief for the 920 Area Code

ORDER ACCEPTING LATE-FILED COMMENTS

These cases involve the need for relief in the 715 and 920 area codes. Ten public hearings were held across the area covered by the 715 area code and seven were held across the area covered by the 920 area code. Opportunities for public comment were also provided. The deadlines for comment were October 24, 2007 (for 715) and November 2, 2007 (for 920).

However, in both cases, some comments have been submitted after those deadlines passed.

Since these are investigations rather than more formal evidentiary proceedings and since obtaining a full public discussion of this matter is important as the Commission considers its decisions, the comments submitted after the deadlines, but before the date of this order, will be accepted and considered by the Commission.

Dated at Madison, Wisconsin, January 28, 2008.
